- Call of Duty: Black Ops Cold War - Samantha
- World of Warcraft: Shadowlands - Kleia
- Fortnite - Agent Rio
- Far Cry 5 - Jess Black
- Final Fantasy XIII-2 - Chocolina
- Marvel's Avengers Assemble - Black Widow

With dark wit and a foul mouth, Julie's "Jess Black" is an instant favorite in Far Cry 5. She also voices the Irish-accented supervillain, "Silver Banshee" in the WB/DC Comics film Suicide Squad: Hell to Pay. Frequently heard in many Final Fantasy games, fans recognize her comically memorable "Chocolina" in Final Fantasy 13-2 and Lightning Returns. Marvel fans know her as "Crimson Widow/Yelena Belova" in Avengers Assemble (Disney XD), and Julie was absolutely typecast as Glitter Genie "Afina" on Nick Jr.'s Shimmer and Shine. Julie also voices "Chill" in the Skylanders games, "Scarlett Turner" on Elena of Avalor, "Samantha Maxis" in Call of Duty: Black Ops, "Lampita Pasionado" in Psychonauts, "Medic" in Starcraft II: Wings of Liberty, "Ro" on The Zeta Project, and "Robin" on the original Powerpuff Girls. For a very human person, Julie voices a lot of A/I roles, and she plays yet another "Computer" on the new animated series, Dallas and Robo on YouTube Red
